Project Title:

Spanish Influenza in Philadelphia

Describe the purpose for your project. (What will you learn during this project?)

I will be meeting 7<sup>th</sup> gr. US History Standards. Through this I will learn the correlation between WWI and the spread of the influenza, specifically to Philadelphia.

What makes this project important to you or the community around you?

It will teach my classmates about an important time in our country's history. It will also show how far we have come.

List three essential questions that you intend to answer with this project?

- 1) Where & how did the Spanish Influenza spread to Philadelphia?
- 2) How was it treated throughout the city?
- 3) What was the aftermath effect?

What will your final products be?

I will write a fiction (historical) journal as if I was from that time.  
I will also have a keynote & notecards.

List three resources that you plan to use for research of this project. (Wikipedia and Google are not sources.)

- 1) [worldhistoryproject.org/1918/3/4/flu-pandemic-of-1918](http://worldhistoryproject.org/1918/3/4/flu-pandemic-of-1918)
